The Department of Program Monitoring has conducted the field study in 5 regions of Kazakhstan (Astana city, Almaty city, Almaty region, East Kazakhstan, West Kazakhstan, Karaganda and Pavlodar regions).

In cooperation with the regional Departments of Education the urgent issues on the achievement of the current target indicators of the State Program till 2020 were elaborated.

The new analytical framework of monitoring and evaluation of the program documents, developed by JSC “Information – Analytic Center” in cooperation with international experts was presented. The new analytical framework allows to identify negative factors that prevent successful implementation of regional initiatives in education sector.

The field study has covered 7 towns of Kazakhstan, 6 regional centers and 28 rural educational organizations. 132 meetings with pedagogical community were conducted, 1262 respondents were interviewed on the regional level, 15 kindergartens and 19 schools, including ungraded schools, 15 colleges and 7 universities were visited. In addition, the focus groups were conducted with the students and their parents.
