On October, 30 in the course of the round table on Torino process 2016 it was decided to set up a working group. Its members will analyze the VET policy in the interactive form. A representative of the European Training Foundation (ETF) Christine Hemschemeier took part in the meeting. The ETF coordinates the research among the member-states of the European Union, the EU state-partners and Central Asian countries.

Participants of the meeting were also employees of the Department on vocational education and training and post-secondary education of the Ministry of Education and Science of the RK, the National Chamber of Commerce, German Technical Cooperation Agency (GIZ), "Kasipkor" Holding, the World Bank, the Republican Scientific and Methodological Center of Technical and Vocational Education Development and Qualification Assignment, the Independent Kazakh quality assurance agency for education, the Independent agency for accreditation rating, and Astana colleges.

The aim of Torino process is to support the countries to develop the effective VET policy to ensure favorable social and economic development.

In 2016 Information-Analytic Center for the first time was appointed to be an operator of this hallmark study.
