On July 27, 2017, Information-Analytic Center presented the National Report on the state and development of educational system of the Republic of Kazakhstan.

The Report reflects on the 25-year long journey of formation of education in Kazakhstan. The Report reflects both the positive experience and challenges of education. Independent international reviews are provided and an index of regional educational systems is presented.

This is the sole document that provides significant statistical and analytical data on educational policy. The Report is for consideration of the general population, teaching community, national and international experts, directors at all levels and stakeholders.

Representatives of structural and subordinate subdivisions of MES of RK, Nazarbayev Intellectual Schools, NGOs, etc. participated in the work of the Round Table. The Round Table participants discussed the results achieved by and key development paths for all levels of education in the Republic.

The National Report will be presented at the August Meeting of Pedagogical education workers of Kazakhstan.
