[Home](#) > On 29 October 2019, within the framework of the round table, were discussed the results of a study «Problematic issues of the implementation of the Law of the Republic of Kazakhstan «On Science».

[1]

The main objectives of the study are to identify key factors of the lack of effectiveness of scientific activity, problematic issues of the implementation of the Law of the RK "On Science", as well as identifying ways to improve the effectiveness of scientific activity.

The deputy of the Mazhilis of the Parliament of the RK, Nurmanbetova Dzhamilya Nusupzhanovna, representatives of the Committees of Science, Control in Education and Science of the MES RK, as well as scientists, experts in the field of science, representatives of the Alliance of young scientists and IAC experts participated in the round table.

During the round table, an interesting and relevant discussion was held on the state and problematic issues of science in the country.

Mr. Irsaliev S.A., the President of Astana International University, presented the international experience in financing science, described the portrait of a scientist of Kazakhstan, workforce capacity, the effectiveness of science. In addition, he presented the results of survey. For each section were given target recommendations.

Mr. Suleimenov E.Z., the member of the Academy of natural sciences of the RK, expert in the field of science, elaborated on the current scheme of science management and offered his recommendations to improve the effectiveness of monitoring and management.

The roundtable participants exchanged views and discussed in detail recommendations for improving the regulatory framework for science in the country.
